Dear Ms. Crittendon:

Here is the feedback from your presentation "Secrets For Boosting Self Esteem and Empowering Youth" that you did at the Michigan Association of School Social Workers Conference. Overall, your feedback was excellent. As a presenter the attendees felt that you were a dynamic and inspiring speaker. Many enjoyed the stories and examples. It was thought that the presentation was entertaining and informative. Some would have like visuals to go along with the handouts. The attendees felt that the presenter was very knowledgeable and was thankful for the helpful suggestions. The attendees also felt that you responded effectively to audience comments and questions.

Thanks again for being a presenter.

Respectfully,
Mollie Reynolds and Karla Vandenberg
